Standard Operating Procedures • Policy Doc: FIS-POL-ATT-2026-V2

4. LATE MARK & ABSENCE ESCALATION POLICY

• Grace Period Rule (09:30 AM – 10:00 AM)

Employees are permitted a 30-minute grace window past official shift start to accommodate transit variations. Any check-in up to 10:00:00 AM is logged as PRESENT without penalty.

• Late Mark Rule (10:01 AM – 10:59 AM)

Arrival between 10:01 AM and 10:59 AM is tagged as LATE. The exact late minutes are archived in monthly compliance registers. Accumulation of repeated late marks will impact performance appraisal and monthly punctuality allowance.

• Automatic Absent Marking at 11:00 AM

At 11:00 AM IST, the automated system cron executes across all active rosters. If an employee has neither checked in nor submitted an approved leave request, their record is irrevocably stamped ABSENT for the calendar day.

• Absence Revocation & Manual Regularization

If an employee was marked ABSENT at 11:00 AM due to official outdoor duty, transport disruption, or app network issue, their reporting manager or an authorized Admin must approve an attendance regularization request.

5. AUTOMATED NOTIFICATIONS & ALERT TIMELINE

To assist employees in maintaining punctuality and avoiding missed checkout penalties, the Falcon System dispatches real-time reminders throughout the shift cycle:

09:55 AM	#0 Pre-Late Check-In Reminder	Dispatched to unchecked employees 5 minutes before the 10:00 AM late mark deadline.
11:00 AM	#0 Absent Notification & Consolidated Report	Instant alert to absent employees; consolidated serial-wise absent list sent to Admins.
06:25 PM	#0 Shift Ending Soon (Pre-Logout Alert)	Dispatched to working staff: "Your shift ends at 6:30 PM. Please remember to check out."
07:00 PM	#0 Missing Check-Out Notice (19:00 IST)	Sent to employees who forgot checkout; consolidated serial-wise report dispatched to Management.
Sundays & Holidays	#0 Automatic Alert Suppression	On designated public holidays and Sundays, all automated shift reminders are fully suppressed.

6. LEAVE RULES & LEAVE REVOCATION WORKFLOW

- Paid Leave (PL): Accrues quarterly at 4.5 days per quarter (18 days/year). Prior approval required via Falcon Portal.
- Leave Without Pay (LWP): Deducted from monthly gross salary on a pro-rata basis when paid balances are exhausted.
- Employee Reports to Work on Approved Leave (Leave Override): If an employee previously had an APPROVED leave but reports to office to work, an Administrator must click "Revoke Leave" on the Leave Management console. Revoking automatically restores the leave credit and clears any attendance blocks, allowing check-in.
